SIR

Subject —

In forwarding herewith a copy of the resolution passed in the meeting of the High School Committee of Dodballapur held on 20th December 1928, I have the honour to state that in view of the great inconvenience now felt for holding the classes of the newly opened High School and the limited financial resources for the construction of a new building, the managing Committee have thought it fit to purchase the existing Travellers' Bungalow at Dodballapur as it is inconvenient for travellers and can be altered to suit the purposes of the High School and have offered a sum of Rs 5,000/- as the price value of the Travellers' Bungalow I also feel that the provision of a building for the High School is an urgent necessity and considering the circumstances, the proposal of the Committee is the only possible solution to the difficulty The Committee value the old Travellers' Bungalow building at about Rs 5,000/- But I daresay they will be prepared to pay a couple of thousands more if the building is valued at a higher figure I therefore request you to move the Government in the matter and obtain their sanction to give effect to the Committee's resolution

2 Regarding the accomodation for travellers the existing Travellers' Bungalow being inconvenient on account of its distance from the town and insufficient water supply, is hardly used by the public As there is a refreshment room near the Railway Station it will be sufficient if a third class Travellers' Bungalow is corstructed near the Musafir-khana i e just opposite the Railway Station

I have the honour to be,
Sir,
Your most obedient servant
